Thank You

Dear Valued Client,

We would like to sincerely thank those who attended the individualized handover session. It was a pleasure walking this important milestone with you and ensuring every detail of your unit was carefully addressed. Your patience, engagement, and trust throughout the process truly mean a great deal to us.

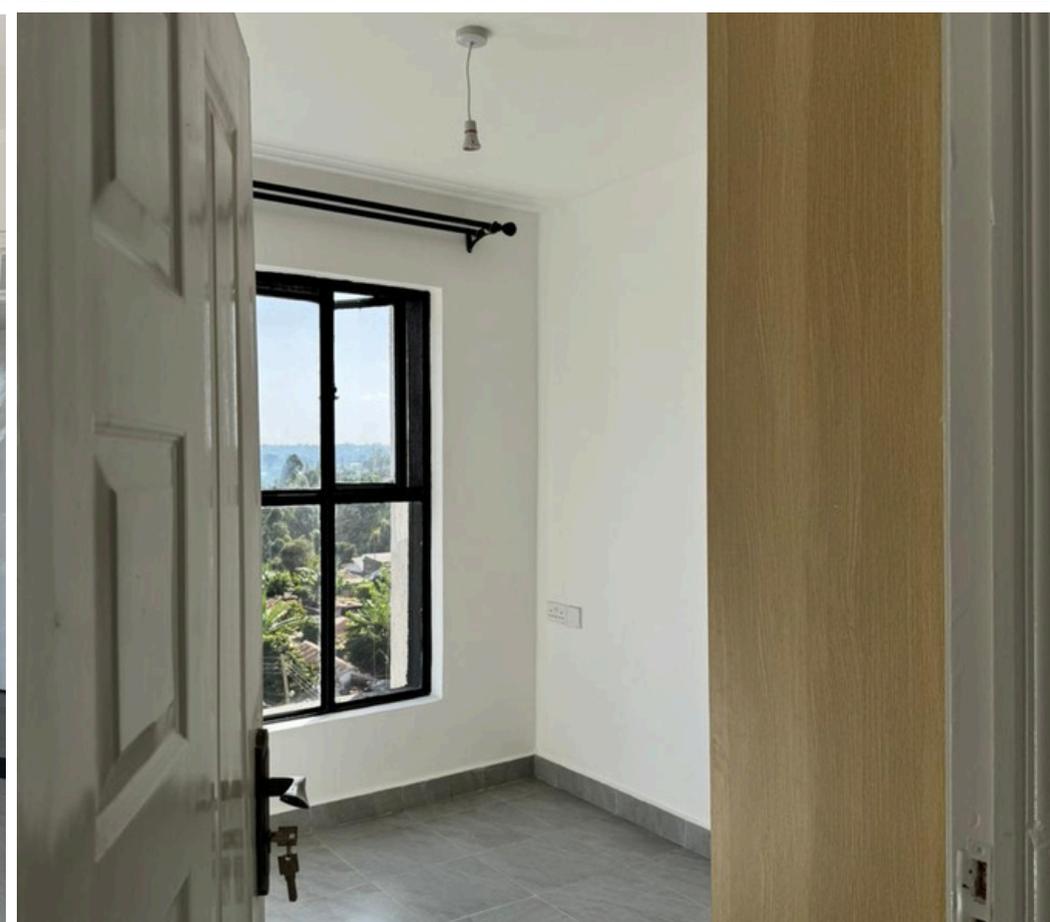

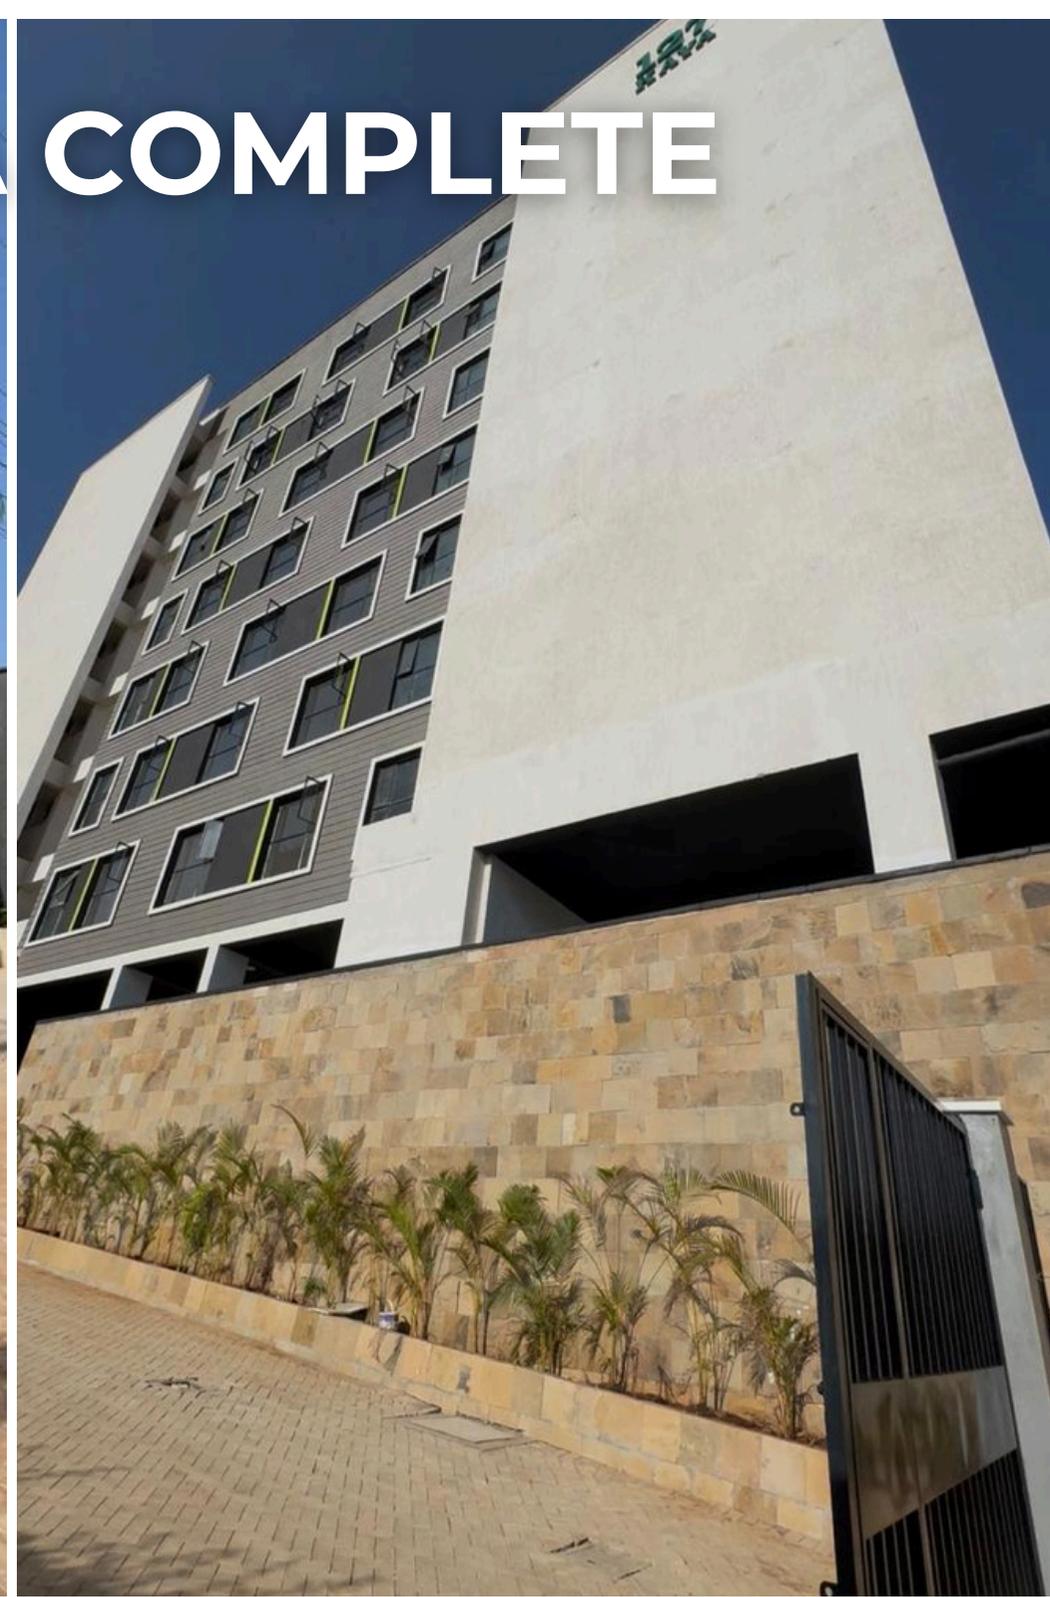

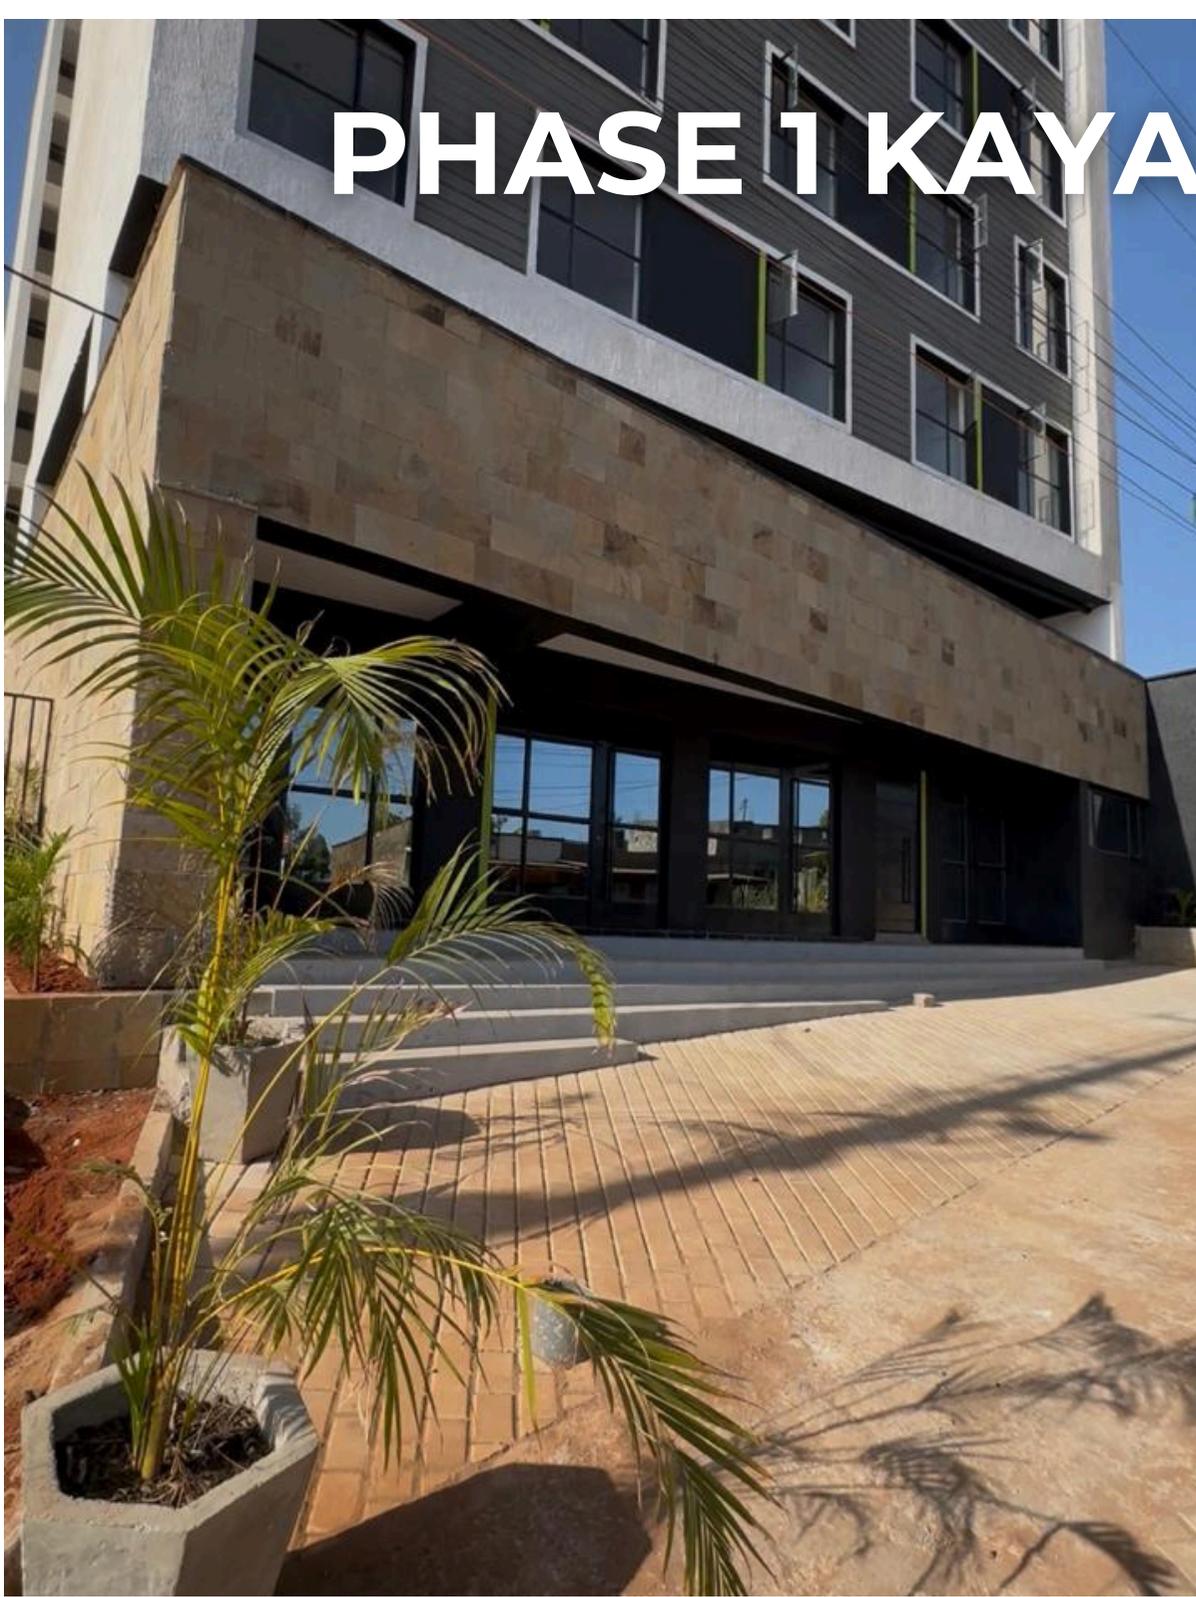

Please be assured that we are actively working to secure suitable tenants for your unit and remain committed to protecting and growing your investment.

As we conclude Phase 1, we are also excited about the momentum building toward Phase 2, which will further strengthen the value and vibrancy of the development.
